# WELCOME TO A NEW FUTURE OF WEALTH & PROSPERITY!

At **MY BETTER LIFE® (MBL)**, there are **3 product categories** and **membership companies** our organization and business opportunity centers around daily.

They are:

- 1.) Health & Wellness**
- 2.) Family Fun & Entertainment**
- 3.) Debt Elimination & Asset Accumulation**

Now let's look at each one of them and the benefits they offer.

Before we go any further,  
our disclaimer needs to be read.

**The information, technology  
and products that we are about  
to discuss are solely to support  
your health and are not  
intended to diagnose, treat, or  
cure any disease and should  
not be used as a substitute for  
diagnosis and treatment by  
your personal physician.**

**No SICKNESS, ILLNESS or DISEASE  
Is it POSSIBLE?  
At **PLANET EARTH, PLANET HEALTH**®, We Believe It Is.**

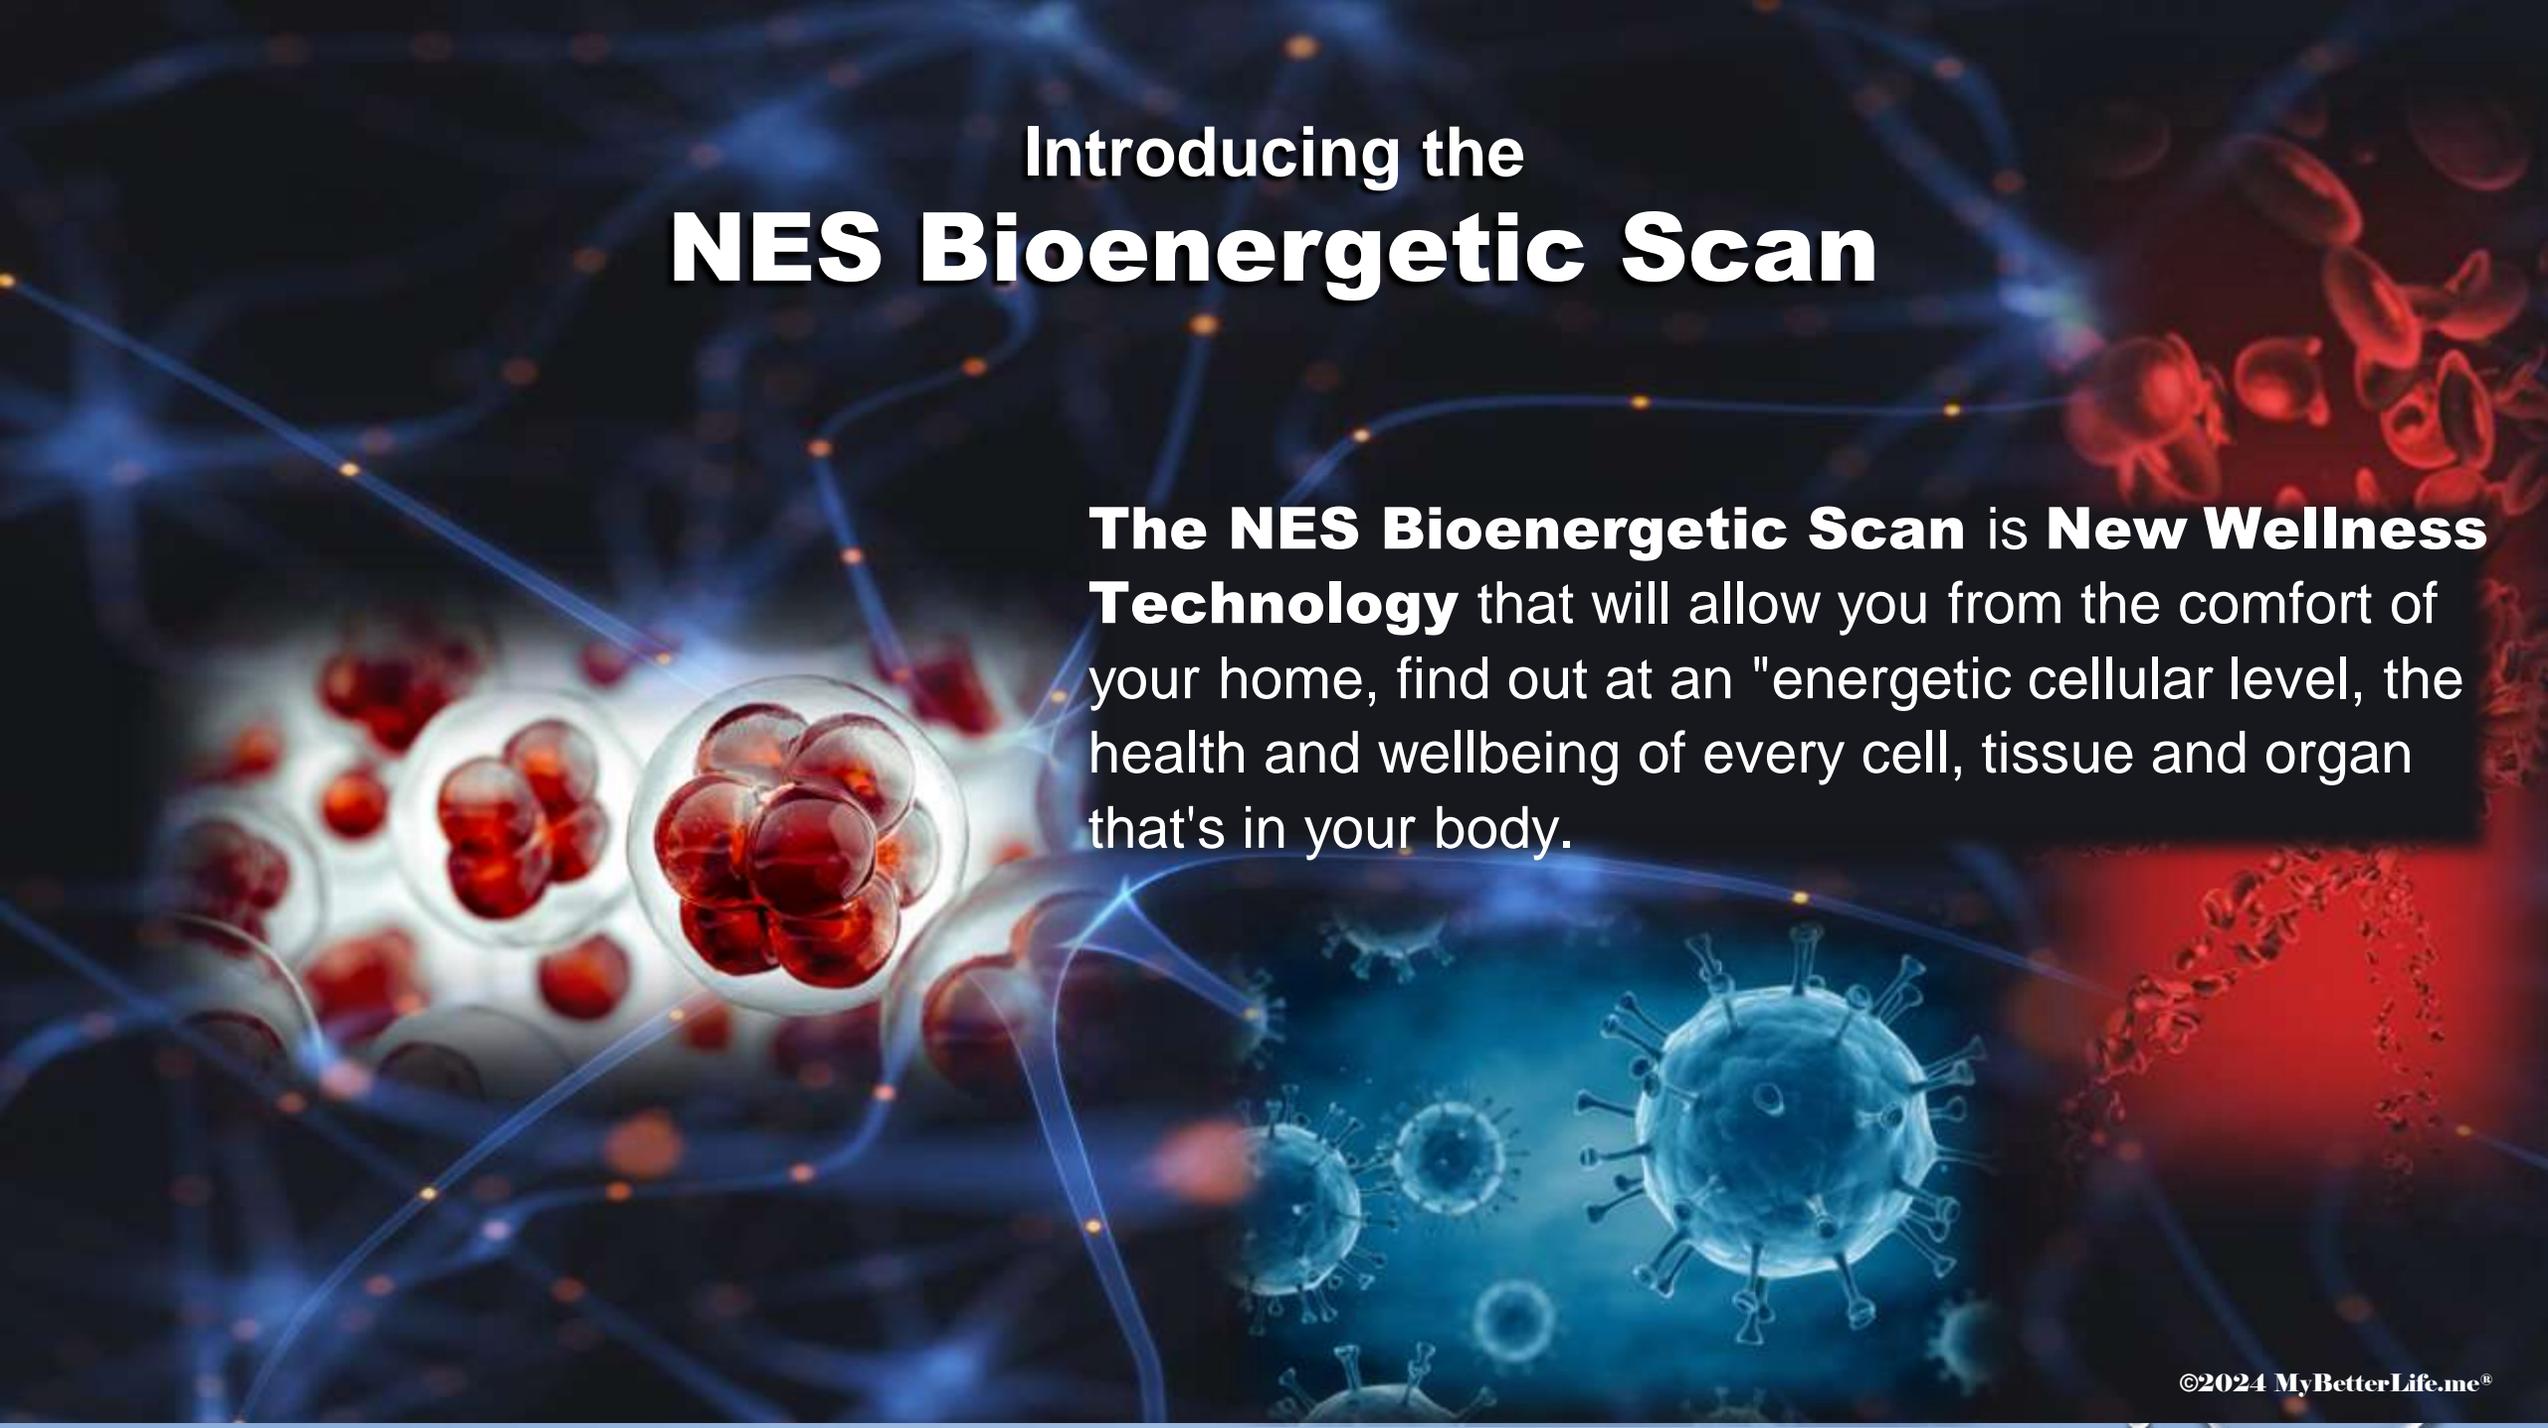

Q. What would you do if you got a diagnosis from your doctor that your life was now in jeopardy, due to some type of illness or disease? For many Americans, this is now their new reality.

How many people do you know are no longer here due to some type of health issue they could not overcome. At **PLANET EARTH, PLANET HEALTH**®...we're working to change that. The new buzz word for people who want to **BETTER** their health is information and prevention.

The key to addressing a particular health issue or fear of getting one is to be **PROACTIVE** in knowing what is going on inside your body.

But, how do you do that? How can you find out what's going on inside your body before something becomes a health issue? The closest thing to doing this is for you to get a CT Scan, MRI, Ultrasound or X-ray. Outside of these things, you're flying in the dark.

**That is until now!**

# Introducing the **NES Bioenergetic Scan**

**The NES Bioenergetic Scan is New Wellness Technology** that will allow you from the comfort of your home, find out at an "energetic cellular level, the health and wellbeing of every cell, tissue and organ that's in your body.

# Now WHY is the **NES Bioenergetic Scan Technology** The Best Investment You Can Make in Your Health Today?

Unlike buying a health supplement, eating organic foods or going for an annual check up, the **NES Bioenergetic Scan Technology** is putting people in control of their health, with "real-time" information they can use to address and overcome a particular health issue or symptom naturally.

## **Let's look at how this scan technology can affect your everyday life.**

If you are dealing with a skin condition, digestive issue, heart or circulatory concerns, breathing disorders, the **NES Bioenergetic Scan Technology** will give you **immediate information** about what is going inside your body.

It will also tell how your body is interacting with environmental toxins such as mold, heavy metals, EMFs and food sensitivities. As well as imbalances in your vitamins and minerals. This technology is the first and only one of its kind in the medical, health & wellness community that can do this.

So, whatever you're doing on a daily basis, this scan technology will give you real time information. When you have access to this technology that you can use on a weekly basis, you will **Never** be in the dark again about the health of your body.

# It Get's Even Better!

With your **PLANET EARTH, PLANET HEALTH**® membership, you'll have the best of both worlds.

**Holistic Wellness Practitioner**

Similar to you having a radiologist explain an x-ray, our **NES** practitioner **Ms. Tori Miller**, will give you insight and detailed information about what your scan found on an energetic level, regarding the health of every cell, tissue and organ in your body. Additionally, she will also create a **personalized protocol** to assist you with your health and wellness goals.

**Ms. Miller** has **40+ years** of health and wellness experience and has been instrumental in helping people turn their health life around.

The normal consultation fee to meet with **Ms. Miller** is **\$200** per visit. With your **PLANET EARTH, PLANET HEALTH**® membership this **\$200** fee is waived.

○ **ANOTHER PRODUCT WITH ALMOST  
“MIRACLE-LIKE” RESULTS IS THE  
“NANO SOMA®” LINE**

Discovered by an Indian research scientist **Dr. P. R. Raghavan**, the patented formula in **NANO SOMA® (AKA Metadichol)** is a drug-free product that activates nuclear receptors present in the nucleus of all cells to **stimulate cell regeneration throughout the body** activating the body's system to heal itself naturally.

**When you take NANO SOMA® orally, which is 5 sprays daily, key biological functions are activated, and immune dysfunctions are addressed at the cellular level. Each spray contains a quintillion number of particles that can enter the body's organs, cells, blood and your skin's surface if used topically.**

**NANO SOMA®** has been scientifically developed and proven to therapeutically work through multiple pathways in the body to assist in wholistic wellness.
